Tomatoes

It's been a banner year for tomatoes this year - the conditions this summer were just right - hot and sunny when they were flowering and rain just when they needed it. Our tomato harvest has been overly abundant and we realize you're being inundated with tomatoes, but as Farmer Mike used to say, "You can't eat too many tomato sandwiches". We hope you'll agree! And for those of you who can't get enough tomatoes and may be looking to can them or make sauce, *we'll have Roma tomatoes for sale again this week. \$25 for a 1/2 bushel box. Pick up at the farm only.* As a reminder, we're available at the farm on Saturdays between 8:30 am - 11:00 am during share distribution.

As most of you know, we don't grow garlic ourselves since it is very time-consuming and labor-intensive. The garlic in your share this week was grown by a local farmer (and family friend). Hooray for bartering!
